CARE OF YOUR GAME

1) Playing a video game is supposed to be fun, not a test of endurance. If you play for a long time, try to take a break each hour. 2) This is a precision Game Pak. Do not store it under conditions of extreme temperature, or subject it to rough handling or shock. Do not try to take your Game Pak apart. 3) Don't touch the terminals or let them get wet. 4) Don't clean this equipment with volatile solvents such as thinner, benzene, or alchohol.
